

Royal Flying Doctor Service
QUEENSLAND SECTION

FIT TO FLY CHALLENGE

The difference you'll make

\$33 - Will pay for a full range of life support medication such as sedatives, pain relief and antibiotics so the Flying Doctor can be ready for any emergency.

\$64 - Will help send a life-saving medical chest to a remote community.

\$102 - Will help provide one on one counselling to an outback Australian during a difficult time.

\$156 - Will help purchase pieces of equipment like ventilators, defibrillators and infusion pumps which are used on board our flights.

FIT TO FLY **CHALLENGE**

The difference you'll make

\$350 - Will help pay for the medical equipment and supplies which closely monitor a baby's condition while they are being transported in an infant incubator.

\$550 - Will help pay for a navigation iPad to provide our pilot with navigational guidance during the flight.

\$800 - Will help provide Mental Health First Aid training to front line workers and local staff to further support regional communities.

\$1,000 - Will help provide a Vacuum Mattress (a medical device used for the immobilisation of patients, especially in case of a vertebra, pelvis or limb trauma).
